## ADMINISTRATION OF MANAGEMENT FEE WITHHOLDING TAX WHERE PAPUA NEW GUINEA (PNG) HAS A DOUBLE TAX AGREEMENT (DTA)

Management Fee Withholding Tax (MFWT) is imposed on non-resident entities who receive payments made either by a resident of PNG or by non-resident companies with a permanent establishment in PNG for tax purposes, of taxable management fees.

"Taxable management fee" means that part of a management fee that is an allowable deduction after the application of Section 68AD or Section 155M of the Income Tax Act 1959 (as amended) (ITA), as the case may be.

Where a DTA with PNG contains specific provisions which provide for management fees or technical fees, IRC will automatically apply the limits imposed by sections 68AD and 155M of the ITA, as the case may be, and allow the excess only after the transaction is proven to be at arm's length by the taxpayer, consistent with the Associated Enterprises articles in the treaty.

The arm's length principle is provided for in most of PNG's DTAs, under either the Business Profits or Associated Enterprises articles. Where that is the case, the excess amount of management fees will not necessarily be limited under section 68AD and 155M. MFWT will only apply to the amount allowable as a deduction. However, it will be up to the taxpayer, who claims the application of a treaty to prove to the satisfaction of the Commissioner General in each case that the amounts claimed do legitimately reflect an arm's length amount.

Any management fees paid by a resident to a non-resident for management services performed outside PNG is subject to MFWT at the rate of 17% of the gross taxable management fees. This rate is reduced if the non-resident is a resident of a country with which PNG has a DTA.

We have realized that a number of PNG's DTAs have been misinterpreted by exempting the application of MFWT chargeable on management fees paid to certain jurisdictions.

We have now reviewed this position to have the correct tax rate applied on management fees paid to residents of certain jurisdictions where PNG has a DTA with. This notice supersedes any previous advice etc. issued by the IRC on this subject.
